Check one or both boxes:

My Service Dog will not need to relieve itself while on the aircraft

My Service Dog can relieve itself on the aircraft without creating a health/sanitation issue.

Describe how your Service Dog will refrain itself, or relieve itself without posing a health/sanitation issue (e.g., use of a dog diaper, etc.):

I understand that if my Service Dog causes damage, then Philippine Airlines may charge me for the cost to repair, as long as PAL would also charge passengers without disabilities to repair the similar kinds of damage.

My answers are true to the best of my knowledge. I understand that per the General Conditions of Carriage governing my ticket, I and/or my dog may be denied boarding should I knowingly make false statements.
